

# LA210P Powered dual 10-inch top line array speaker

- Compact self-powered line array system
- 2x10" neodymium LF+1x3.5" neodymium HF active top pa speaker
- Built-in DSP plate amplifier with multi-function
- Integrated rigging system for stacked and flown configurations
- Russian birch plywood with polyurea coating

## SPECIFICATIONS

Drivers	2 x 10" Neo LF / 1 x 3.5" Neo HF
Frequency range	50Hz ~ 20 kHz ( $\pm 3$ dB )
Power Handling	1000W LF; 300W HF
Impedance	8 Ohms LF; 8Ohms HF
Coverage range (h x v)	80° x 12°
Sensitivity 1W/1m	103dB
SPL max / 1m / peak	140dB
Active plate amplifier	GTS 2 CH DSP plate amplifier
DSP function	MUTE, Polarity, Gain, Delay, Limiter, Mixer, EQ, X-OVER
Dimensions (h x w x d)	283 x 600 x 455 mm
Net weight	27kg
Finish	Russian Birch Plywood and Polyurea Paint
