

# LA312P High Output Active Dual 12 inch 3 Way Line Array

- 2x12" LF; 1X10" MF; 2X3"HF neodymium drivers.
- 142dB Maximum SPL
- 3 way class D plate amplifier
- 100-240V universal voltage
- High quality compact Russian birch plywood enclosure
- Multi-layered waterproof finish

## SPECIFICATIONS

Configuration	Large format 3-way line array loudspeaker
Nominal impedance	LF: 8Ω; MF: 8Ω; HF: 8Ω
Power handling capacity (RMS/peak 10 ms)	LF:1200W/4800W MF: 800W/1600W HF: 300W/600W
Coverage range (h x v)	80 ° x 10°
Components	2 x 12" neo driver / 1 x 10" neo driver 2 x 3" neo driver
Active plate amplifier	3 channels Class D
DSP	Processor: 96KHz Signal sampling frequency, 56 bit precision Function: MUTE, Polarity, Grain, Delay, Limiter, Mixer, EQ, XOver Control: USB and RS-485
Working Voltage	100V-240V
Dimensions (H x W x D)	360 x860x650mm
Weight	60 kg
